

BRISTOL HOMECOMING PARADE

THE SATURDAY PARADE DOWN BRISTOL INDIANA'S MAIN STREET IS THE HIGHLIGHT OF THE DAY

Floats, costumes, horses and tractors...

The crowds lined up early with folding chairs, blankets, and snacks to wait for the parade to begin. The weather was sunny and many sought the shade or put up umbrellas. Restaurants did a brisk trade as pizzas, sandwiches and cold drinks lured those who waited on

the blast of the sirens to announce that the parade was at last moving down Vistula Street and would soon pass by. For some, who lived along the parade route, it was like a family reunion with tables and chairs and burgers on the grill. The Queen's Court, the Teen

Court, Princesses and the Senior Queen all rode on the 60-foot long Pirate float, made by the contestants and helpful volunteers. They were joined by a group of eager marchers and riders who paraded proudly down Bristol's main street on Saturday.
