## Kruse Greenhouse Stocked with Flowers

Inside the greenhouse in Bristol Indiana, spring has definitely sprung - as it is full of hundreds of plants and flowers to brighten any home, garden or porch. From hanging baskets to flowers for pots to herbs for the garden, there is something for everyone in the greenhouse. Come and shop early this season, while the supply is vast and assorted with vibrant flower colors and green plants. There were hot dogs on the grill and LLamas in the parking lot. on Sat. April 28, 2018 for the annual Open House.

And if you miss the Open House, you can still take advantage of great values at the extended Sunday hours from 10am to 3pm through the season. And if you need a little help getting your garden or yard ready, come in to see Steve for the advice you need for pre-weed treatments, now's the time to get your supplies for that.

And don't forget to shop for your animal companions for everything from feed to other items. If it's not in stock, Steve can probably order it for you. If it grows, Kruse Knows!
