## Town of Bristol Parks Master Plan Meeting

The Bristol Park Board held a open house at the Bristol Library 2-26-20 to seek public input on the plan. Donald Ritsema, MACOG Senior Community Development Planner, ran the meeting, assisted by Carla Herwarth, who greeted attendees. Mark George, Ambassador of the USAPR Pickleball organization, presented Parkboard President Scott Dreamer a generous donation check for the proposed Pickleball Court. George and his wife, who also attended, are Bristol residents and enthusiastic Pickleball players. Fundraising is now underway. A number of Bristol residents came to provide their ideas, suggestions, and comments regarding the Bristol Parks Master Plan, and what improvements they'd like to see implemented. The members of the Park Board guided the guests through the various boards for their input. A copy of the results of the Open House Summary is available at:
