Satellite Ground Breaking for Expansion

Satellite Industries, Inc. opened their state-of-art distribution and manufacturing facility on Fri. Nov. 7, 2014 in Bristol, Indiana to serve as the distribution center for their portable restroom equipment & manufacturing hub for their deluxe portable restrooms. Today, on Sept. 12, 2018, less than four years later, Satellite partnered with Nuway Construction to expand their facility by 50% to serve their ever-increasing global market for their upscale Restroom Trailers. They will invest in the Bristol market nearly 7 million dollars in the facility, over 1.5 million dollars in equipment, and initially hire an additional 29 employees. They are a family-owned company since 1958 for two generations. Elkhart County Council Member Tina Wenger, and Bristol Town President Cathy Burke spoke at the event along with Satellite and Nuway Construction officials. A supporter of community outreach, Satellite has donated portable restrooms to Bristol Parks.
